1907-1950

Special Collections

Ouachita Baptist University

---

The *Ouachitonian* is the Ouachita Baptist University campus yearbook, which has been published since 1907. The *Ouachitonian* Index is an every-name index for students and faculty who appeared in each yearbook from 1907 through 1950. It is arranged alphabetically by last name, then chronologically by year. To navigate through the index, use the “Find” command under the “Edit” tab, enter the name, and click “Next.” Some names you are searching may not be included in the index. Early editions of the *Ouachitonian* did not name all students in group photos and all OBU students and/or faculty members did not have their pictures made. To increase your search success, check all possible spellings of names and maiden names of your subjects.
